2   Enhancements

Reference	Description
IGN-15	4.17 Archive Import Certificate
IGN-57	Help: Suggestion to add user manual doc regarding the process and flow of each role
IGN-228	FCRQ-96: GeNS may provide batch generation of paper version certificate with pre-allocated certificate numbers
IGN-231	NFRQ-26: GeNS should implement the printing functionality using templates that can eventually be modified by the Country NPPO to address their formatting needs
IGN-327	Off-set Datetime visualization
IGN-375	Include Financial Liability Statement in NPPO Configuration
IGN-582	Feedback: AU GeNS testing - Feedback form-System does not accept Word documents as valid format
IGN-583	Feedback: AU GeNS testing - Feedback form-Why does the system ask the inspector role to put the exporter address? Thought it to be the responsibility of NPPO Assistant?
IGN-650	Feedback SL form 2 (24 Jan 18): What is "Pending Review" and "Under Review". Should these two step submitted by NPPO Assistant?
IGN-651	Feedback SL form 2 (24 Jan 18): Design error in tick boxes
IGN-673	Attachments
IGN-715	Consignee and Exporter address to 450 chars
IGN-716	Create re-export certificate from imported
IGN-736	Validation Form on Active Tab
IGN-747	Chris Feedback: 1. Administration screen, New User, it looks like all the roles are prepopulated. There should be nothing prepopulated and no default role. It should remain empty so that they are required to select a role
IGN-752	Chris feedback: 6. System settings: NPPO Name. Need to move text box next to NPPO name (anywhere where a text box appears
IGN-753	Chris feedback: 7 Overall comments for System Settings, Configuration Management Screen:
IGN-754	Chris Feedback: 8. Specific field comments for System Settings, Configuration Management Screen:

IGN-762	UI/UX Review
IGN-763	Rome Feedback: 1. in "My Profile" Change Password section: spelling mistake (should be Character) and the password rule from auto generated password doesnot consistent with the rule
IGN-764	Rome Feedback: 2. In Create Certificate for all Roles Section: General info, UI for titles and labels, Add consignee, country name, Declared point of entry and commodities part (see details info)
IGN-785	Hub Client Service Refactoring
IGN-70	FCRQ 72: Officer can archive the received certificate
IGN-553	NPPO Configuration to enable each single notification
IGN-600	Feedback: AU GeNS testing - Feedback form-I did a random search for â€œtable grapesâ€• in the GeNS but could not find its botanical name â€" vitis vinfiera. Australia is getting table grapes from California.
IGN-617	SL Feedback 9 Jan 19: I issued a reexport certificate without adding details of the import phyto certificates.
IGN-777	change ldap password generator configuration
