Release Version September 2023

INDEX

1	FIXES	3
2	ENHANCEMENTS.....	3
3	USER MANUALS.....	11

1 Fixes

Reference	Description
IGN-2916	[GeNS public certificate viewer] Fixes for ReCAPTCHA security and search filters ✚ Open GeNS login page ✚ Click "Find an issued certificate"  ✚ Fill in the required fields: Certificate Number, Place of Issuance, Date of Issuance, and apply the ReCAPTCHA validation ✚ Then, click "Search" button to download the issued certificate. 

2 Enhancements

Reference	Description
IGN-941	Add new column "Parent company" in the list of exporters ✚ Login as NPPO Admin, then click "Administration" then click "Companies" ✚ Add New Company and fill in the company details ✚ Assign an exporter to the company ✚ Then, click "List of exporters" and search for the linked exporter ✚ A new column added to display the Parent Company linked to the exporter

The top screenshot shows the 'Edit Company' form. A blue arrow labeled '1' points to the 'Company Name' field, with a callout 'Add companies details'. Another blue arrow points to the 'Exporter' dropdown in the 'EXPORTER CONFIGURATION' section, with a callout 'Assign an exporter to the added company'. The bottom screenshot shows the 'Exporters' table. A blue arrow labeled '2' points to a new column titled 'Parent company', with a callout 'A new column added to display the parent company linked to the Exporter'. The table lists several exporters, including 'Test 1' and 'Test 2', each linked to 'Parent Company ABC'.

IGN-1690

Add new configuration "Separate packages with commas in certificate report"

- ✚ Login as NPPO Admin
- ✚ Click "System settings" then double click the configuration "Separate packages with commas in certificate report"
- ✚ Enable the configuration
- ✚ Login as NPPO Assistant, create a Draft certificate
- ✚ In the commodities tab add a commodity line with different number of packages e.g., 15.0 Bunch, 50.0 Box
- ✚ The separator of the packages with commas at the printed certificate.

The top screenshot shows the 'System Settings' page. A blue arrow points to the 'Separate packages with commas in certificate r...' setting, which is set to 'Enabled'. A callout box says 'If NPPO Admin Enable the configuration "Separate packages with commas in certificate report"'. The bottom screenshot shows a 'Review application' page with a 'Commodities' tab. A blue arrow points to the 'Packaging' field, which contains '15.0 BH, 50.0 BX'. A callout box says 'The number of packages will be separated by comma ","'. Below this, a table shows the 'Name of Product and Q' and 'Number and Description of Packages'.

Name of Product and Q	Number and Description of Packages	Distinguishing Marks
Botanical Name/Common Name: test; Plant Part: cormes; Net Weight: 25.1155 ;	15.0 Bunch, 50.0 Box	NONE

- ✚ If the NPPO Admin Disable the configuration "Separate packages with commas in certificate report"

Then the number of packages will be separated by "of"
